## Project Highlights

---

### Irti nuuskasta!

Free Android app made with Flutter. Similiar to all those 'quit smoking' apps, but made for snus which is way more common in Finland.

### 100 reps

Open source Flutter mobile app which challenges you to do 100 push-ups in predefined sets.

### Zoomable Tilt View

Open source package for Flutter, which you can find at pub.dev. Creates 3D tilt effect for widgets, controlled by swiping.

### Fuel Consumption Tracker

Minimalistic app to track your car's fuel consumption.
